The Mountains called and we answered...

In your search for India's treasure, you'll be lured time and again into the realm of the divine Himalayas the glistening jewel on the crown. This region of rugged foothills carved into deep gorges, numerous streams and rivers, fertile valleys, picture perfect hill stations and habitable terrain is like a phoenix rising out of the hot and dusty plains of the north. Apart from its resplendent panorama, the mountain activities and adventure sports indeed call for some action. If you have the spirit of exploration in you, this will be the wrong offer to turn down. The journey is everything and what better way than to experience it with us! Yes, even the Gods have held their breath....

Most of our lives are lived in the usual and mundane day - to - day: Thinking back, many of you can only come up with a handful of truly awe inspiring and memorable milestone events, which have in a way molded and defined who you are today. But if you are still bowering to think of one, we've been known to make it happen.

A vacation like never before...for people from all walks of life!

Milestones Adventure and Expeditions offers a wide variety of spectacular vacations with some unique outdoor tours, all designed to create memories that last a lifetime. You can browse through our selections of tours on offer to obtain a sense of it all. Further details are available on our website.

And when the final gesture is put down and the magical experience is over, it might seem like the end of an era for most of you. Well, what we almost forgot to mention is that you can always come back for more!!!

The journey is endless...
